## **NSA Scholarship Foundation Announces 2010 Award Winners**

Alexandria, VA, June 22, 2010 — Like all professions, the accounting profession is continually working to ensure a steady flow of qualified young people into its ranks.

Since 1969, the National Society of Accountants (NSA) Scholarship Foundation has provided nearly \$1 million to deserving undergraduate and graduate students who are committed to pursuing a career in accounting, helping to develop more qualified young accountants.

This year, 29 students will receive scholarships ranging from \$500 - \$2,000. These recipients were selected from nearly 350 applicants on the basis of an overall outstanding academic record, demonstrated leadership and participation in school and community activities, honors, work experience, stated goals and aspirations, and financial need.

“The accounting profession needs many smart young people to fill the pipeline as demand for accounting services continues to grow,” explains NSA Scholarship Foundation President Harold F. Krieger. “These scholarships will help them reach their educational goals and we look forward to seeing them join the profession in the future.”

The 2010 scholarship recipients are listed below with their universities and the various individuals and NSA Affiliated Organizations that provided funding for each scholarship:

###

NSA and its affiliates represent 30,000 members who provide accounting, auditing, tax preparation, financial and estate planning, and management services to approximately 19 million individuals and business clients. Most members are sole practitioners or partners in small- to medium- size accounting firms. NSA protects the public by requiring its members to adhere to a strict code of ethics. For more information, visit [www.nsacct.org](http://www.nsacct.org).

The National Society of Accountants (NSA) Scholarship Foundation is a 501(c)3 tax-exempt organization formed in response to NSA member commitment to education and the accounting profession. Through its national scholarship program, the Foundation encourages the next generation of accountants by providing financial assistance to college students majoring in accounting. The Foundation also administers an Educational Grant Program which provides grant funding for the development or enhancement of educational programs, surveys, research and other education activities for those currently in the profession. The NSA Scholarship Foundation, a tax-exempt organization, relies on voluntary, tax-deductible contributions received from individuals, businesses and organizations to fund the activities necessary to sustain its programs.
